

# HELP SHAPE THE FUTURE OF IFRS! WHAT SHOULD EFRAG AND THE IASB FOCUS ON BEFORE 2020?

## JOINT OUTREACH EVENT • BRUSSELS MONDAY 23 NOVEMBER 2015 • 14:00 - 18:00 EFRAG OFFICES

EFRAG and the IASB invite you to participate in a joint outreach event on the 2015 IASB Agenda Consultation and EFRAG's own proactive agenda consultation and the issue of consistent application as addressed in the IFRS Foundation's Trustees Review. We would like in particular to discuss with constituents and obtain their views on the workplan of the IASB and its relevance for Europe. The feedback will be used by the IASB/IFRS Foundation and by EFRAG in providing our input to the IASB's and Trustees' Request for Views and in prioritising EFRAG's proactive agenda.

EFRAG has launched its own Proactive Agenda Consultation in parallel to the IASB's 2015 Agenda Consultation in order to ensure that EFRAG is allocating resources to research work in an optimal way on topics important for Europe. EFRAG highly values the contribution of constituents to its agenda consultation.

Speakers will include April Pitman, IASB Senior Technical Manager; and Françoise Flores, EFRAG TEG Chairman. The event will be held in English and feature a panel discussion with stakeholders from various backgrounds who will express and discuss their views.

We thank you in advance and look forward to your participation in this important event!

**HOW TO REGISTER?** You are invited to send an email with your details to [event@efrag.org](mailto:event@efrag.org) **before 18 November 2015**.

Participation notified after this date will be accommodated logistics permitting.

## CONTACTS

EFRAG • [www.efrag.org](http://www.efrag.org)
